There will be judges at three different fixed locations along the parade route and a fourth technical judge roving along the parade route. We will be having official spotters ½ block before the third judge's stand to control the spacing of bands. These official spotters will have the authority to slow down or stop your marching band without being penalized.

****SPECIAL RULE NOTICE: No bands are allowed on the official practice field during the parade or field competition until your scheduled time. Those bands not adhering to this rule may be disqualified and/or subject to penalty.**

Bands must maintain a forward motion at all times. Bands that do not maintain a forward motion will be subject to penalty points. If the parade stops, due to circumstances beyond your control, your band will not be penalized for stopping. Bands must follow the directions of the parade marshals or be subject to penalty points and/or disqualification. The Southwest Iowa Band Jamboree reserves the right to limit the number of bands competing in the afternoon field performance. Late entries may be subject to this exclusion. All bands must perform in class.

Each band will receive specific times for playing warm-up, marching warm-up, staging time and performance time. A Band Jamboree official will be assigned to your band at the appropriate warm-up and performance areas. Your band is allowed 15 minutes from the time they enter the field until the last person steps off the performance field. Performance time is limited to 11 minutes with a minimum of 7 minutes.

A practice field is available west of the high school. Because of the close proximity to the main field, please do not play instruments or drums during the marching warm up.

Please instruct your drum major to have your band positioned to march at each of the scheduled times. A field competition list in the order you will perform and scheduled times will be sent in our final mailing.

No lawn tractors will be allowed on the high school track. Enter the performance field through the northwest corner next to the west bleachers. Position your band on the west side of the performance field as the preceding band is performing. Enter the field when your band is called on the P.A.

Please return the enclosed Iowa High School Association Announcement form with your registration form. The announcer will make this introduction unless you wish to do so yourself. Please note on the announcement form if you plan to have your own announcer.

Our field judges will be following Iowa High School Music Association rules, using the official ballots and scoring procedure. Please refer to the IHSMA web site for a copy of the rules: www.ihsma.org. These ballots are similar to those used in surrounding states and will allow competing bands a rating (based on Iowa's rating system). The scores will be used to determine trophy winners and a recap sheet will be given to participating bands following their performances. The general effects judges will be located in the press box and execution judges will be on the field. There will be a technical judge during the field competition. Please call if there are any questions concerning the time limits or line violations. All field marching trophies will be awarded after the last band performs. The recorded critiques of judges' comments, ballots and VHS-C cassette recording will be provided in the official packet following the event.
